 candelabra 60w 120v

DESIGN: ©2001 Bradley Sweek |  761206-001

Cylindrical form casting both direct and ambient light. A single pendant provides architectural accent while multiple fixtures in lines, grids, or clusters extend the effect. Pictured: amber tinted glass crown reveals suspension and lamp hardware.

Opaque white base is capped with clear, glaze-textured trimplate and tinted crown. Pictured: square trim version with smoke crown.
Round or square trim available.
